EU Declaration of Conformity

Product description: inverter for photovoltaic systems

Type designation: SOLPLUS 100 (nominal power 10 kw)
SOLPLUS 120 (nominal power 12 kw)

We confirm that the device stated above is compliant with the EU Council Directive 2004/108/EC (Electromagnetic Compatibility) and the Low Voltage Directives 2006/95/EC.

	SOLPLUS 100	SOLPLUS 120
interference immunity		
EN 61000-6-2	X	X
interference emissions		
EN 61000-6-3	X	X
Secondary effects on the grid		
EN 61000-3-2	X	X
HF-disturbance		
EN 55011	X	X
EN 55014	X	X
safety		
EN 50178	X	X

The inverters are labelled with the CE marking.

Advice:

The device is to be installed into a PV-system. Therefore the test result is not transferable to a live PV-system in every case. The installation instructions are to be observed.

In any case of arbitrary change of the supplied devices or nonobservance of instructions the validity of this declaration of Conformity is void.
